Management of Noise at Work

A half day course to review the changes brought in by the Control of Noise at Work Regs 2005. The causes and controls of noisy environments will be covered as well as an understanding of the mechanism of hearing and how these are affected by excessive noise levels. A practical approach to the regulations.

BIRMINGHAM: 25th April '07

LEICESTER: 20th June '07

BROMSGROVE: 28th June '07

Course Duration: 1 Half Day 1.30pm-4.30pm

Cost: £125 for 1st delegate, extra delegates @ £99 each (exc VAT)

Includes Course Notes, Training Certificate, folder, pen, and light refreshments.

Course Programme:

- What is noise?
- How do we measure it?
- The use of noise measuring equipment
- Do we need to measure it?
- The new HSE Guidance
- Personal daily noise exposure

On completion of the course, delegates will:

- Have an understanding of the new Noise Regulations
- Understand their company's responsibilities under the new Regulations
- Have some knowledge of basic, simple noise reduction techniques
