Better People, Better Business®

Lean Manufacturing

This course provides delegates with an overview of world class manufacturing practices. The principles covered are applicable to a wide range of personnel including process operators, team leaders, engineers, managers, non-manufacturing staff etc. Key features of the programme include the high degree of participation by delegates, an the emphasis is placed on delegates applying the learning to their work process by completing an improvement project.

Benefits to your organisation

- ✓ Involves people in improving their work process and work area
- ✓ Focuses attention on waste elimination and the implementation of efficient working practices
- ✓ Helps the organisation to meet customer demands in competitive markets

Course Location:	On-Site at your premises
Course Duration:	Typically 5 Days at one day per week 9.30am - 4.30pm (dates to suit you)
