TRAINING & SERVICES LTD

*Better People, Better Business®*

## Environmental Awareness

**A half training course to allow delegates to understand the basic concepts of environmental management and how it can add value to their business.**

### **Who should attend?**

Any member of staff who wishes to understand more about the environment and how we can move to a more sustainable future.

### **Course Benefits:**

Environmental awareness is a mind set. It's stored in the knowledge and skills of the people working for an organisation and it is expressed by their behaviour. This course allows delegates to understand the basic concepts of environmental management and how it can add value to their employers business. The course is designed to give a general awareness to staff at all levels within an organisation.

**Course Duration:** One Half Day, AM or PM

**Cost Includes:** Course Notes, Training Certification and Course Materials

### **Key topics in this Environmental Awareness course:**

- \* The importance of conformity with the elements of the environmental management system
- \* The purpose and structure of ISO 14001 Management System
- \* The significant environmental aspects and impacts associated with their work
- \* The benefits of improved personal environmental performance
- \* Their roles and responsibilities regarding the environment
- \* The potential consequences of non-compliance

### **Delegates Receive:**

Environmental Awareness Training Certificate, Environmental Awareness course notes and materials.
