Traffic Banksman - LGV's, Vans, Artics, FLT's

Most accidents occur as a result of poor observation and an inability of the driver to judge the length of the vehicle and pivotal point of the rear axles. Reversing requires the application of basic mechanical principles and all round observation on the drivers part.

This aim of this one day course is to provide delegates with with the necessary skills to control vehicles on-site or other places of work

Who should attend?

All personnel who will be or are involved with traffic movements on-site or other places of work

Course Location:	On-Site at your premises
Course Duration:	1 Day, 10.00am - 4.00pm (date to suit you)
No. of Delegates:	6 delegates max

Course syllabus covers:

- Statutory requirements (INDG 148) & The Workplace (Health Safety & Welfare Regs.'92
